PROFILE

Italian-native commercial operator at Amazon managing ~EUR120M in annual revenue across major technology brands in Italy, the UK and EU9. Owns revenue and profitability targets, deal pipelines, commercial negotiations and senior stakeholder relationships; delivered +66% YoY growth and +340 bps YoY profitability improvement. Previously supported conversion of a EUR4.3M enterprise pipeline at Microsoft. Combines consultative commercial judgment with a data-driven, technology-first approach to execution.

CORE SKILLS

Consultative Selling · Commercial Negotiation · Deal Execution · Pipeline Management · Revenue Forecasting · Account Strategy · C-level Stakeholder Management · Relationship Building · Pricing & Profitability · SaaS & Technology · CRM (Dynamics 365) · Cross-functional Execution

EXPERIENCE

Amazon | Account Manager - Strategic Vendor Services Madrid, Spain Jun 2025 - Present

- Own ~EUR120M in annual revenue across Xiaomi Italy & UK and Belkin EU9, accountable for revenue growth, profitability, account strategy and commercial execution across multiple European markets.
- Delivered +66% YoY revenue growth, exceeding growth target by 37%, while driving +149% YoY growth in one key marketplace.
- Manage the commercial deal pipeline and negotiate terms and vendor funding across ~45 deals per month covering 300+ products, balancing growth objectives, customer competitiveness and vendor economics.
- Developed and presented an EU expansion strategy to senior vendor stakeholders, securing a 5x increase in marketing investment to EUR200K+ through consultative commercial conversations and a quantified growth case.
- Improved portfolio profitability by +340 bps YoY through pricing, funding, assortment and commercial-term negotiations; additional cost-price negotiations drove +125 bps YTD profitability improvement on key selection.
- Built TheCroupier, a team-used internal web application for deal pipelines, revenue projections, profitability validation and commercial recommendations, reducing processing time from ~10 hours to 30 minutes.

Amazon | Program Manager Intern Luxembourg May - Nov 2024

- Drove seller engagement through scaled campaigns and direct 1:1 consultations; designed a strategy that reduced excess FBA inventory by 4.29% across 11M units.

Microsoft | Program Manager Intern Dublin, Ireland Sep 2022 - Jul 2023

- Supported conversion of all five highest-priority prospects, representing EUR4.3M in pipeline, through direct customer outreach, deal support and structured opportunity progression in Dynamics 365.
- Built a deal-tracking system that reduced Day 1 delivery delays by 14.8% and improved visibility across Spain and Portugal stakeholders.

ENTREPRENEURSHIP & LEADERSHIP

GreenWave | Co-Founder & Finance Lead 2023

- Won The Big Pitch (30+ teams) and secured NatWest Accelerator entry; owned commercial strategy, financial modelling and investor pitch.

Business & Investments Society, ARU | President (2021-2022) Grew membership from 45 to 200+; organised 12+ events and secured sponsorship from two financial-services firms.

ARU Students' Union | Student Trustee, Finance & Risks Board (2021-2022) Elected trustee overseeing a £2.5M budget; reviewed financial performance, risk registers and audit findings.

EDUCATION

Anglia Ruskin University | BSc (Hons) Finance with Economics, First Class Cambridge, UK | 2020 - 2024

INNOVATION & TOOLS

- Won three EU internal hackathons as a sole participant competing against teams; presented solutions to 60+ senior stakeholders.
 - Built additional workflow automations across reporting, data handling and commercial operations alongside TheCroupier.
- AI-assisted application development · Workflow automation · Dynamics 365 · Excel (Advanced) · Commercial & profitability modelling · Pipeline analytics
